"The artist's strategy, is based on the proposition that for all intents and purposes, the human being is a transparent network of transformers and transmitters occupied with collecting and systematizing content. Implicit in this system is the moment of fulfilment, illumination or enlightenment, and which ~~concretum~~ is a metaphor for a knowledge at once abstract and concrete, universal and personal, secreted and apocalyptic. It is important because of, ~~it~~ rather than in spite of, its paradoxical nature"

from Wallace Berman - portrait of the artist as an Underground Man by Merrill Greene Artforum. Febr. 1978.

as referential to Baudelaire
Rimbaud
Duchamp
Beckett
Will. Burroughs
Jim Morrison
Lon Reed
Patti Smith etc
